Summary

Site is cluster of low lying buildings on
flat hard land. There is a marked feel
to the land AOL like boundaries. It is dry
and there is a feeling of isolation.

There are people at the site. One of
whom wears dark clothes + works there.

The people are close knit and hold discussions
about practical matters, assignments or delegation
is involved. The idea of the long halls given an Aouda monastery/mission
+ asceticism.
